

Dalmain School Freedom of Information Act Policy

This policy commits the school, as a public authority, to make information available to the public as part of its normal business activities under the remit of the Freedom of Information Act (2000). The information covered is included in the classes of information mentioned below, where this information is held by the school. Additional assistance is provided to the definition of these classes in sector specific guidance manuals issued by the Information Commissioner.

- To produce a schedule of any fees charged for access to information which is made proactively available.
- To make this publication scheme available to the public.
- To publish any dataset¹ held by the school that has been requested, and any updated version it holds, unless the school is satisfied that it is not appropriate to do so;
To publish the dataset, where reasonably practicable, in an electronic form that is capable of re-use;
And, if any information in the dataset is a relevant copyright work² and the public authority is the only owner, to make the information available for re-use under the terms of the Re-use of Public Sector Information Regulations 2015, if they apply, and otherwise under the terms of the Freedom of Information Act 2000, section 19.
